National Missionaries, Hungary

Laci is a master trainer with the Misszio az Egeszseges Kozossegekert (MEK) Team in Hungary. He is responsible to teach advanced Community Health Evangelism to CHE leaders and workers in Hungarian-speaking areas through vision conferences. He conducts training seminars and development courses. Eszter – with her background in physical education, children, youth work, and theology – specializes in holistic outreach and discipleship ministries with poor women and children, primarily in Gypsy communities. She is responsible for setting up and leading MEK's Women's Cycle of Life and children's training programs. Their son Simi, is now one. Both of them were among one thousand future leaders invited to participate in the Lausanne Movement's Younger Generation Leaders Gathering held in Jakara, Indonesia, at the beginning of August. While they were unable to attend, this was a significant acknowledgement of their ministry. Pray for their continued work with MEK.
