July 2016

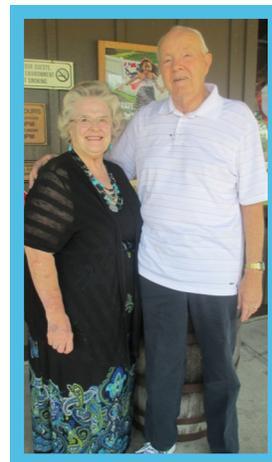

## CANCER AND PEACE (for both of us!)

"Cancer" isn't a word you want to hear after a doctor's exam. And it feels strange to walk up to the building that says "cancer center" for the first time, knowing that YOU are the patient! Then there's the anticipation of that follow-up visit, when the doctor tells you the results of the biopsy. But it's so reassuring to feel God's "peace that passes all understanding" in the midst of it all. What a privilege we have as believers in the Lord Jesus Christ, the Prince of Peace!

THANKS SO MUCH TO ALL OF YOU WHO HAVE PRAYED! I (Sue) am feeling great and back to normal activity and ministries after the

hysterectomy. Before my third (and last) radiation treatment for uterine cancer, Royce began to have serious problems. Two different trips to the emergency room along with visits to two urologists revealed bladder cancer. The GOOD NEWS is that in both of our cases, the cancers were of the lowest grade and hadn't spread to other organs. WE PRAISE GOD FOR THAT! Royce will begin 6 weeks of treatment next week, followed by regular check-ups. Please continue to pray!

## MUÑOZ FAMILY IN THE U.S.

It's been great to have Antonio and Becky and the two girls living with us during these busy weeks of doctors' visits and surgeries. Three-year old Susie keeps our minds off of "illness", with her constant activity and cartwheels and chatter! We're asking God to supply **permanent housing** for them and **the right school** for 12-year old Jessica. All of our kids have helped-out in so many ways. It's such a blessing to have Michele, Becky, Lynette and their families living close-by!

Antonio is now officially a part of the pastoral team at Redeemer Community Church in Katy, in order to start a Spanish congregation.

Royce and I hope to help in raising up this new church plant. Please pray that God will give us contacts among the thousands of Hispanics that surround the church! Only He can give them a hunger for Himself and a desire to study

His Word. We are already "on the lookout" for those to whom God might be leading us.

## BIBLE STUDIES

Celebrating birthdays is an important part of the ladies' Spanish Bible Study that meets at our house on Wednesday afternoons. We're now in chapter 4 of Romans, and the ladies have memorized several verses from all four chapters. They come from Peru, Mexico, Cuba, El Salvador, and the United States. Some are new believers, and others come from churches where they haven't received good doctrine. They're hungry to learn the Word and grow spiritually. It's fun to teach them!

Teaching the young people's Sunday School class at church is a challenge, since some of them are more comfortable in Spanish, while others have learned to read only in English, so we have to use both English and Spanish Bibles. Both Royce and I trust God to give us wisdom as to how to best meet their spiritual needs!

## THANK YOU!

Thank-you so much for your interest in God's work in Katy, Texas! Your prayers are an invaluable part of what God is doing here!

We're excited and hopeful about what lies ahead!
