"A dry March & a wet May fill barns and bays with corn & hay."
 "So many mists in March you see, so many frosts in May will be."
 "If a circle forms 'round the moon, trust that it'll rain soon."

Funny sayings about weather often turn out to be completely untrue. So why did our ancestors even have these sayings? Farmer's Almanac says it stemmed from pagan religions that desired balance in life. For example, if March came in like a lion, it would naturally balance out like a lamb at month's end. However, as Christians, we have good reason not to put much stock in these old adages for we know the One who controls the weather. The Bible says: "When he utters his voice, there is a tumult of waters in the heavens, and he makes the mist rise from the ends of the earth. He makes lightning for the rain, and he brings forth the wind from his storehouses." Jeremiah 10:13; and "Trust in the Lord with all your heart, and do not lean on your own understanding." Proverbs 3:5. Colorful idioms about weather are fun to repeat, but we need to be sure we are holding fast to the Lord of all creation and trusting him, no matter the weather.
